

# CHAMBERS *Change* THINGS

## Canva Template Links

**1080x1350 (4:5 portrait) - <https://canva.link/b6bu7ko8lo5wjr3>**

This is the best size for feed posts on Instagram and Facebook, because it takes up the most room in the feed.

- Instagram feed posts and carousels
- Facebook feed posts
- LinkedIn and Threads feed images

**1080x1920 (9:16 vertical) - <https://canva.link/il9bdzmonqdt3h3>**

This is the full-screen vertical format.

- Instagram Stories and Reels
- Facebook Stories and Reels
- TikTok videos

**1080x1440 (3:4 portrait) - <https://canva.link/4cxmu1zpsdv1zji>**

Instagram's profile grid moved to 3:4 thumbnails in 2025, and many teams now design feed posts at this size so they aren't cropped on the grid.

**1600x900 (16:9 landscape) - <https://canva.link/co2vuf0j3dktiwd>**

This is the standard widescreen format.

- X (Twitter) in-feed images and link cards
- LinkedIn landscape posts and link previews
- Facebook landscape posts

**1080x1080 (1:1 square) - <https://canva.link/3qazwsd3gzna5>**

This is the classic size that works on every platform.

- Instagram and Facebook feed posts
- LinkedIn feed images
- X and Threads posts
- Carousel ads on Meta and LinkedIn
